Old indian film aankhen all video songs 1950.

The original 1939 movies had no less than 14 installments, and that's not including any movies made after 1946. Photo Courtesy: mwibbels/Flickr The great thing about these 12 movies is that they upend people's expectations of a detective — instead of a cunning, quick-witted mastermind, we find a clumsy, accident-prone goofball. He was made famous by Sean Connery in the early 60's and was most recently portrayed by Daniel Craig. With such a unique plotline, it's no wonder it's lasted so long. Planet of the Apes Like many successful movie series, Planet of the Apes inspired a loyal cult following in its heyday. It only has five films in the series, one of the smallest numbers on this list, but that doesn't mean it can't catch up to others in the years to come; the latest installment came in 2010, so a new Karate Kid film might just be due soon. But that's not all! Check out their 11 TV shows, two TV films and three direct-to-video movies. Photo Courtesy: NBC/Getty Images Her hilarious commentary and heartfelt lessons have made 11 successful films over the years. In fact, Yogi was originally a supporting character to Huckleberry Hound. After a while, you're not sure where it all began anymore! Read on for the movies with the most sequels ever. It also had an important lesson to teach: that mastering the mind is more important than the body. Tom and Jerry Yes, Tom and Jerry started off as a television series, but it also inspired 12 films starting in 1993 and ending in 2015. If it's anything like Halloween, it'll last for many more years. El Hombre Lobo / Wolf Man The Hombre Lobo series follows Count Waldemar Daninsky, a werewolf, who oftentimes gets into trouble with other scary monsters like vampires and even Frankenstein. For its cinematic influence alone, it's worth a watch. The Pink Panther For those that like a more relaxing film experience, The Pink Panther won't let you down. Score: 0% Rank: Correct Answer: Start Quiz >> Bollywood4u Bollywood Gallery Dev Anand Thumb Song Heading Singer / Movie Music By / Lyricist Actor / Category Video Playlist - songs of this movie from youtube Advertisements Aankhen Film cast: Shekhar, Nalini Jaywant, Yashodhara Kajju, Cuckoo, Bharat Bhushan, Yaqub, Anwari, Bhudo Advani Singer: Madan Mohan, Meena, Mohammed Rafi, Mukesh, Shamsbad Begum, Uma Devi Lyricist: Raja Mehdi Ali Khan, Bharat Vyas, Deepak Music Director: Madan Mohan Film Director: Devendra Gode External Links: Aankhen at IMDb Aankhen at Wikipedia Photo Courtesy: Silver Screen Collection/Getty Images It's always exciting when a new sequel is released. When it was first released in 1978, viewers were appalled and intrigued by the suspenseful story of serial killer Michael Myers, one that seemingly never ends. It might be because unlike other superheroes who wear the cape for vengeance or because they're an all-powerful being, Spiderman's just an ordinary kid trying to get by, and even after becoming a superhero, he still has everyday problems. Kong coming out the next year in November. Seven in total. Photo Courtesy: Mubarak ALThani/Flickr This twisted horror franchise has produced nine films as of 2020's The Organ Donor. Initially a dull man in his late 30's, Bond's character has developed into a tough, smooth-talking womanizer surviving through 26 films. Ever since the first movie was released in 1977, fans have gone positively crazy for the space fantasy saga. It's the perfect movie for a scare with friends, and it never gets old! Harry Potter The Harry Potter series didn't just rock the literary world; it also made a splash in the cinematic one. No wonder the crowds keep coming back for more. The Muppets Not only can you find the Muppets in a total of eight films, but you can also see them in 27 television specials, too. Photo Courtesy: alfredituzz :B/Flickr The interesting thing about the Hombres Lobo sequels is that they're not sequels in the purest sense — each movie, despite starring the same character, has a different storyline and background. Photo Courtesy: Cristian Bortes/Wikimedia Commons So why is he so popular? Photo Courtesy: Arden/Flickr The story isn't a pleasant one, as you can probably guess. They pitted these two against each other in 1962, and now they're at it again. Hellraiser Like many great movies, Hellraiser is based on a book. Photo Courtesy: CBS Television/Wikipedia Recently, the series saw a reboot of three new films complete with advanced CGI and ties to the original series that die-hard fans surely wouldn't miss. MORE FROM SMARTER.COM 13 of them, to be exact. The most recent sequel was released in 2016, number 14 in the series. Only time will tell. Every movie in the Batman series may not technically qualify as a sequel, but the sheer number of them is impressive in itself; there are 14 Batman films dating as far back as 1943. Surely love to hear Madea tell it like it is, even if they'll go see her in a play. Kermit the Frog has even had appearances on The Tonight Show, Larry King Live and American Idol. Sherlock Holmes If there's one movie series that might go on forever, it's Sherlock Holmes. You get to see your favorite characters once again in a new — or not so new — storyline. Photo Courtesy: micadow/Flickr There are at least three more movies in the works, including one that is set to be totally female-centered. It looks like there's no end to the hijinks this pair can get into! Photo Courtesy: momokacca/Flickr These movies owe their success to the diverse audience they attract: adults and kids alike find themselves laughing at these characters. It all starts with the supposed drowning of a child at camp, who comes back with a vengeful spirit. There's variety, suspense and intrigue, so prepare yourself — this series could go on for decades. Superman Superman is one of those series that's defined American society. No one is ready to let go of that blue leotard and red cape just yet. American Pie American Pie wasn't supposed to spawn many sequels, but it was such a hit in theaters that they created three more, along with another three spin-offs. Photo Courtesy: Keng Susumpow/Flickr King Kong goes head to head with another giant monster, Godzilla, in a new entry in 2020. Two more films are set to release in the coming years: Halloween Kills and Halloween Ends. It may seem like a small number, but don't worry, there will be more. There have also been books, comics, video games and a TV series inspired by the movies. The Fast and the Furious Sometimes, you just want to see cool cars and intense action scenes — and that's precisely what you'll get if you buy a ticket to movie in The Fast Saga. They're often released exactly on Friday the 13th, which makes seeing them in theaters even more exciting. Photo Courtesy: kafka4prez/Flickr The original movie came out in 1988 and followed a group of young dinosaurs on a heartfelt adventure. It taught important lessons about prejudice, friendship and loss while also imagining life for prehistoric creatures. In fact, that's exactly what viewers pay to see. A grand total of nine films have been made in this series since 2001's The Fast and the Furious, and they're not even close to being done. At least, until they make a new one — there are rumors of a live-action version coming in the future. It also references a specific scene in the movie, but you'll have to watch it to find out which. Saw It's a wonder they've managed to make so many sequels of a movie that is so hard to watch. Needless to say, these movies have made billions of dollars in profits. Godzilla The first Godzilla movie premiered in 1954. Photo Courtesy: Columbia Pictures/Getty Images The original 1984 movie also inspired a TV show and launched Ralph Maccio's acting career. These movies were released under different names all throughout Europe and made fair profits. Great — if that's what you're into. Photo Courtesy: AntMan3001/Flickr So what is the official number of Superman movies? In their time, however, they were a hit. Bond has become an iconic film character played by seven different actors in a 57-year lifespan. Photo Courtesy: Johan Oomen/Flickr What some don't realize, however, is that Bond was originally a literary figure created by Ian Fleming. Photo Courtesy: Sunset Boulevard/Getty Images The first movie influenced many slasher films to come and continues to be a fan favorite. He was originally a comic-book character but made it onto the big screen to rave reviews. Audiences can only imagine what terrible events will transpire in that one. The Karate Kid Now here's a kid-friendly movie. Predator films, with Alien: Covenant released in 2017. Photo Courtesy: pxfuel There's something about these lively puppets and their silly comedy that people just love to watch. Since then, it's amassed ten more films, never failing to make big bucks at the cinemas. If you've ever sat through a Saw film, you know that around every corner is a gruesome, traumatic scene waiting to happen. People of all ages love New York's web-spinning guardian. That's not counting the prequels, either. Rocky The Rocky series was a staple for older generations, with many films released during the 70's and 80's, but the films managed to make their way into the 21st century as well. The man himself is one of those timeless characters in popular culture that just keeps coming back for more. Photo Courtesy: 北山人/Flickr Despite having been burned at the stake, Freddy Krueger isn't finished wreaking havoc on sleeping children. Can you guess which movies they'll be? Halloween One of the most successful movie series in the horror genre is Halloween, currently at 11 total films. If you're trying to pump yourself up or start a new gym routine, you can't go wrong with these movies. X-Men What kid doesn't like to think there's something special about them, something that makes them different from everyone else? After all, it's been a radio show, television show, comic book and pretty much everything else you can imagine. Photo Courtesy: Hulton Archive/Getty Images With a lifespan of over 100 years, the number of movies, TV shows and shorts modeled after this character are many, indeed. Photo Courtesy: solonas malukas/Flickr The movies revolve around beings called Cenobites that seek out humans for torturous experiments. Apparently, nothing. The monster himself is a complicated one — sometimes he's depicted as mindless and destructive, while other times he's a misunderstood antihero. The Hellbound Heart by Clive Baker was written in 1986 and laid the foundation for this popular horror film. Photo Courtesy: AntMan3001/Flickr Some big names in Hollywood have played this stoic hero over the years, including Christian Bale, George Clooney and Ben Affleck. The original series was made up of five films released between 1968 and 1973. There have been no less than 12 Friday the 13th movies. The author gave up his rights after the first movie, not knowing they'd go on to make nine more with the same name. That might be a welcome change to the male-dominated films, paving the way for more inclusive movies in the future. Star Wars If you're not on the Star Wars bandwagon by now, then you're in the minority. The character of Sherlock himself dates back to the late 1800's with Sir Arthur Conan Doyle's original novels, and the most recent Sherlock film was released in 2018 (Holmes and Watson). It's not exactly a family-friendly film — the plot centers on a group of friends trying to lose their virginities — but its raw comedy hit home with audiences nationwide. They've also inspired films centered on Batman's nemesis, the Joker, most recently played by the talented Joaquin Phoenix. Star Trek While Star Trek was a series first, it was also made into multiple feature-length films. They've been so popular that even the youngest viewers are likely to know the iconic Rocky theme song. It's a sadistic, terror-filled franchise appealing to the same people that love Saw, Halloween and Nightmare on Elm Street. Photo Courtesy: Universal Pictures/Getty Images If the title sounds familiar to you, that's probably because they took it from a popular song by Don McLean. Sometimes, however, the sequels seem to go on forever. Photo Courtesy: BagoGames/Flickr Even though Sigourney Weaver is no longer the protagonist of these suspenseful films, who can refuse a good extraterrestrial plotline? A total of 11 films were released. The Land Before Time The Land Before Time inspires childhood memories for many Gen Xers and Millennials, but it's likely familiar to even younger generations' childhood as well. Even so, Star Trek has won a name for itself as a series (and movies) with some of the most sequels of all time. A Nightmare on Elm Street Halloween isn't the only horror flick with a daunting number of sequels — A Nightmare on Elm Street boasts nine terrifying installments that are worth a scary movie marathon. Despite the multiple entries in the series, however, there's one scene that's arguably the most memorable: when an alien explodes from John Hurt's chest. The numbers show that this classic concept is still engaging to viewers, even if it has been forty years since the first — and it might last forty more. King Kong The King Kong movies are as imposing as the giant gorilla himself, with twelve hit films that haven't ceased to entertain. Some have five, some fifteen, and some more than twenty. Photo Courtesy: Michael Ochs Archives/Getty Images There's a total of eight films in the series, chock-full of inspiring training montages and gut-wrenching fight scenes. James, Bond. As technology improves, Godzilla only gets bigger, scarier and more realistic — and it seems that audiences can't get enough. Nails going through people's fingers? That's right, 11 Madea plays have been produced as well, many of them based on the films. Yogi Bear When you think about it, what could be better than a talking bear? Who could forget him? Unfortunately, this franchise hasn't made a come-back yet, although movies like Super Troopers have many similarities. Alien A total of six movies complete the Alien series (excluding the Alien vs. Photo Courtesy: KAMIKAZOW/Wikimedia Commons Ask any Star Wars fan, and they'll have a favorite character: cunning Princess Leia, good-hearted Luke Skywalker, the wise Yoda or one of the many other central characters! Fans have proven that they'll never get enough of the Force. Friday the 13th Anytime October 31st rolls around, you'll likely see people impersonating the villain of these popular horror films. Yogi Bear was the first animated TV character to unexpectedly explode in popularity in the late 1950's. Photo Courtesy: Marc Berry Reid/Flickr It seems no matter how advanced costumes and special effects are, audiences still get attached to the actors behind the characters. Will the public ever tire of this genius detective? There are 11 Yogi Bear movies and counting, along with several TV shows, including 2020's Yellowstone! His real-life cousins aren't so inviting. Spiderman Another famous superhero, Spiderman, has eight films to his name. The plot has some similarities with the former, as well: a serial killer hunts down kids, only he's dead. Photo Courtesy: Iona Higgins/Wikipedia Fans saw the films' three protagonists grow up before their eyes — and fans grew up alongside them, in many cases. It's one of the longest-lasting storylines, as well, with the first-ever Kong movie debuting in 1933. She's an over-the-top, tough-love, back-talking grandma with an attitude, and she resonates with many viewers. When they rebooted the series, Steve Martin's hilarious performance made them instant hits. Madea Simmonson's not the male-actor-dressed-as-female-character gag that makes Tyler Perry's Madea films such a huge success as much as Madea herself. Whether you go for the older films from the 60s or the more recent reboot from the 2000s, you'll find comedy and suspense rolled together into one delightful movie. Photo Courtesy: Archive Photos/Getty Images There are a total of seven Police Academy movies along with a couple attempts at a TV series. That's a lot of air time. Photo Courtesy: Fabian Reus/Flickr Godzilla: King of the Monsters came out in May of 2019 with Godzilla vs. But will it really be the end of the Halloween sequels? In fact, the first Batman movies were a form of World War II propaganda. It starred Charlton Heston in his discovery of a strange future where apes run the world instead of humans. King of the monsters or king of the sequels — it's hard to say which title Godzilla deserves more. Or will Sherlock live on forever? James Bond Bond. This is essentially the premise of X-Men: certain people have powers, and they're swept into a world of heroism and crime-fighting. The best part is that the X-Men crew is made up of many different characters, which means some movies focus on different heroes. These comedy films were about a group of wannabe cops trying to make it on the job. This prehistoric monster has now reigned over cinema for more than 50 years, with a total of 35 films produced, more than any other movie franchise by most counts. The final book was made into two movies, ending with eight total films for viewers to enjoy. That moment was among the most iconic in cinema history. Photo Courtesy: BagoGames/Flickr This idea resonated so much with fans that it's lasted for 12 installments since 2000. Photo Courtesy: Mark Anderson/Flickr Nowadays, however, Yogi has proven to be America's favorite by a long shot. Given the fierce following that already existed for Harry Potter at the release of the first movie, no one was surprised by its immediate success. They got into all kinds of trouble, oftentimes getting knocked around in the process. The latest movie was in 2018, but who knows? The movies have certainly been successful, but they're not as well-known as the classic series starring William Shatner as Captain Kirk. We could have any number of sequels cropping up in the future. This was initially confusing for many fans but allowed for more creative freedom during the writing process. With that amount of content, you could spend months watching only Muppets. After all, what can be more entertaining than a game of cat and mouse? Police Academy The Police Academy movies are on the older end — they haven't made any new sequels since 1994.
